Address: 2801 Tender Dr., Iron Horse Subdivision, Montrose

Price: 475.00 \$

This is a, hand crafted, 6ft wooden dining room table with a beetle kill pine wood top that you MUST SEE to appreciate. This is a beautiful table! Very rustic and would work great for a cabin, but well built and sophisticated enough for nearly any setting. I made one for my wife, for our every day dinning room table, and so I decided to make one to sell and get a little extra money for the holidays! Please text or call 970-275-3969 with any questions or to set up a time to swing by and look at the table.

Once again, this is hand crafted and BRAND NEW! You will be the first ones to eat at this table!
